

HairMAX

**Ketoconazole
Biotin
Provitamin B5**
Shampoo

Description : **Ketoconazole :** Strong imidazole antifungal agent used to treat fungal infections affecting the scalp. It can be used for conditions like stubborn dandruff, psoriasis and more.

Biotin : Biotin aids hair growth. Biotin can boost hair growth & help hair regrow.

Provitamin B5 : Provitamin B5 is best known for being a humectant. Humectants are substances that retain and preserve moisture, which can play an important role in keeping hair and scalp fresh & healthy. It prevents scalp skin dryness, hair damage and irritation by maintaining scalp & hair moisture and reducing water loss.
